

Name : Nicolas Julien
Date of birth : 19/01/1981
Address : 4, rue des prés,
 le triangle d'or 2
 06000 Nice, France
Phone number : +33 (0)6 77 11 94 02
E-mail : nicolas.julien@sophia.inria.fr

PhD student in computer science

Abstract

Particular interest in theorem proving, logic, co-induction and real arithmetic.

Qualifications

October 2006 -	PhD thesis “Uniform formalisation of recursivity and co-recursivity in type theory” under the guidance of Yves Bertot in the Marelle team at Inria Sophia-Antipolis.
June 2006	Master degree in computer science (speciality: formal methods) and Engineering degree at UNSA (<i>Université de Nice Sophia Antipolis</i>).
June 1999	Baccalauréat S with distinction (mathematics).

Experience

October 2006 -	Teaching assistant : Java, Lex/Yacc, Ocaml, Scheme
February - June 2006	Internship in the INRIA Sophia laboratory : “Formal verification of exact real arithmetic and analytic functions”. Work supervised by Yves Bertot.

Publications

[1] Nicolas Julien. Arithmétique réelle exacte certifiée, co-induction et base arbitraire. In *Journées francophones pour les langages applicatifs, JFLA’07*.

Selected Talks

- [1] Certified exact real arithmetic in arbitrary integer radix using co-induction. In *TYPES, Cividale del Friuli, Italy*, 2007.
[2] Arithmétique réelle exacte certifiée, co-induction et base arbitraire. In *RAIM, Montpellier, France*, 2007.

Skills

Computer languages	C/C++, Java, ML, Scheme, Prolog, L ^A T _E X, Lex/Yacc.
Formal methods	Coq.
Operating systems	GNU/Linux, Windows.
Foreign languages	French (native), English (intermediary), Italian (intermediary).

Activities

- Yoga, billiards, foosball
- Involved in the phd student association ADSTIC
