

Workplan and Cost

Table of contents

1 Workplan.....	2
2 Cost summary.....	2

1. Workplan

As stated before, we already have initiated some collaboration. More precisely, the plan is the following:

- Gianluca Quercini will visit Mascotte (internship) to work with Bruce Reeds on graph representation. Bruce Reed will use his expertise in graph tree-width and probabilistic methods.
- Massimo Ancona, Vittoria Gianuzzi and Michel Syska will define directions for research for internship students in network optimization
- Michel Syska will supervise the implementation of algorithms in the Mascot library
- All the listed people will meet and organize seminars in Genoa and Sophia as well

2. Cost summary

Title	Cost
6600 euros	6 months Internship student from DISI in Mascotte (Egide cost)
5800 euros	4 months internship student from french Master in Mascotte
5000 euros	10 short visits between DISI and Mascotte
2995 euros	1 ILOG CPLEX academic license
20395 euros	Total

No interaction with other funding or proposal
